Part No.: [425513](#)

EAN-13: 0766623425513 | UPC: 766623425513

Extra-extra-large LED Gaming Mousepad with Wireless Charger - Charge where you play

If you already have a great gaming mouse, don't lose precision by using it on a standard desktop. Make it a force to reckon with on an evenly matched foundation: the Manhattan XXL RGB LED Gaming Mousepad with Wireless Charger - 10 W. The textured micro-weave cloth surface of this Gaming Mousepad optimizes optical and laser mouse sensors for pixel-precise accuracy and total tracking responsiveness. Its huge area of 800 x 350 mm (32 x 14 in.) covers your entire desk and offers enough space for both keyboard and mouse. This size is perfect for those who use a lower DPI or like to have more mouse-mat area to maneuver.

Mouse pad plus charging pad

Get maximum convenience while you play as your phone charges next to you — without wires or ports. The charging area features Qi-compatible fast-charging on all phones that support it. That means 10 W for Samsung® phones, 7.5 W for iPhones® and 5 W for Android phones like the Google Pixel or models from Asus, LG, Huawei and more. You can also charge other devices such as AirPods®, cases and smartwatches.

Designed with the gamer in mind

This gaming mouse pad also offers more physical advantages: A liquid-resistant coating protects against spills from coffee, energy drinks and other drinks you

enjoy during a game. The rubberized, non-slip backing keeps the pad firmly locked in place, even in hectic situations.

Get fully immersed with your preferred ambient light

For just the right gaming atmosphere, especially in dark rooms, you will love the configurable RGB LED edge. Choose between seven different colors and four different modes for a vivid illumination experience based on your mood.

Features:

- Huge 800 x 300 mm (32 x 12 in.) space for both keyboard and mouse
- Qi wireless charging of compatible devices - phones, cases, earbuds, smartwatches and more - with power up to 10 W
- Micro-textured surface for ultra-high precision with optical and laser mice
- Water-resistant coating to protect against spills from coffee, energy drinks and more
- Rubberized, non-slip back keeps the mouse mat firmly in place
- Multicolored RGB LED light edge with switchable static, pulsating and dynamic modes for immersive gaming atmosphere
- Overload, overcurrent and overheating protection
- Foreign Object Detection (FOD) to prevent interference or device damage from foreign metal objects
- Braided Micro-USB to USB-A power cable included
- Three-year warranty

Specifications:

Standards and Certifications

- CE
- RoHS
- FCC
