

# SKILLER SGH50

The SKILLER SGH50 offers a comprehensive all-round package for gamers and music lovers alike. Through careful acoustic optimization and an impedance of 55 ohms, we were able to achieve certified Hi-Res audio quality and a well-balanced sound. This allows the user to enjoy fine details in music and precisely locate opponents in games. Moreover, two pairs of interchangeable ear pads each provide different characteristics for comfort and sound.

## Features

### HEAVENLY SOUND

In addition to its Hi-Res audio quality and the certified wide frequency range of 10 Hz to 40 KHz, the SKILLER SGH50 also scores with its particularly high-performing speakers. These are able to powerfully and impressively reproduce sounds whether they are explosions or pieces of music.

### PERFECT FOR VIDEO CONFERENCES

Thanks to the natural recording characteristics of the detachable microphone with the included pop filter, voice is transmitted clearly and without distortion.

### THE PERFECT FIT

The two included pairs of ear pads — one made with synthetic leather and another consisting of a synthetic leather and fabric hybrid — both ensure that the SKILLER SGH50 can be worn comfortably for hours, whatever the demands. Furthermore, the headband made of synthetic leather as well as the ear pads automatically adapt to the shape of the head.

### CLEVER CABLE SYSTEM

The modular cable system is flexible in every sense of the word, thanks to its robust and supple TPE sheathing and due to the modular plug system. A wide range of devices can thus be connected without any problems. And with the compact inline controller, the volume and mute function are always at hand.

### ELEGANT DESIGN

Alongside an excellent audio quality, the SKILLER SGH50 has a clear, sturdy design with circumaural ear pads and stylish, classic colors and will therefore appeal to both gamers and music lovers alike. And in video conferences, the timeless design will certainly make this a headset to be seen with.

## Specifications
